

THE NEW MG ZS HYBRID+

THE NEW MG ZS HYBRID+

FOR LIFE+ MORE

The New MG ZS Hybrid+ combines the innovative kick of electric power and the peace of mind of petrol. Designed with a bold energetic new look. Powerful, fuel efficient and one of the most spacious in its segment, it's not just a Hybrid, it's a Hybrid+.

A car that is made for life plus more.

LIFE+ UPGRADES

The MG ZS Hybrid+ blends the power of petrol with the efficiency of electric driving. The advanced Hybrid+ system means multiple driving modes co-operate to maximise fuel efficiency and lower emissions, deliver class-leading performance and an exceptionally wide, efficient operating range.

GO FURTHER, WAY FURTHER

The Hybrid+ system offers many different driving scenarios to get the most out of electric or combustion traction at all times.

Whether to promote performance, consumption or comfort, the driving scenarios are activated automatically according to speed, acceleration needs and battery charge.

100% electric

At low speeds, the vehicle is powered solely by the electric motor and battery for a silent and smooth experience.

Series hybrid

In this mode, the electric motor propels the vehicle while the combustion engine/ICE recharges the battery via the generator. This allows for increased efficiency and a smooth transition between the two energy sources.

Parallel hybrid

The two engines, electric and combustion, work together to propel the vehicle. This is ideal for dynamic driving and optimal performance.

Direct propulsion

The combustion engine directly drives the wheels to optimize fuel consumption, especially at high speeds.

Regeneration

Thanks to the KERS system (braking energy recovery), kinetic energy is converted into electricity to recharge the battery.

IT'S NOT HYBRID, IT'S HYBRID+

Here's how our advanced,
world's first, 3-speedratiohybrid
transmission works
to turn hybrid into Hybrid+.

Performance

With an enginepowerof 75 kW/128 Nm; and combined power of 145 kW, the ZS Hybrid+ will give you great overall performance without having a negative impact on fuel economy and emissions.

Low emissions

With just 115g/km of CO₂, your emissions are far lower than a comparable petrol car – and you could save on tax and low-emission zone fees. The MG ZS Hybrid+ also keeps things low when it comes to running costs, with just 5.1L/100km.

Ultra-efficient

The MGZS Hybrid+ is no second best. It is one of the most efficient hybrid models in its class, thanks to the quick-response motor and world first 3-speed hybrid transmission.

Smooth

The MG ZS Hybrid+ gives you the instant response and effortless acceleration of a fully electric vehicle. Thanks to the high-capacity 1.83kWh battery (the largest in its class), you can feel more EV more of the time. When it comes to driving around your suburb, or example, being in EV mode transforms stop-start traffic into a smooth, stress-free experience.

ACCELERATION + POWER +

Don't hold back. Thanks to the quick-response motor and high-capacity battery, the ZS is the fastest accelerating hybrid model in its class. Taking you from zero to 100km/h in just 8.7 seconds.

SMOOTHER RIDES, FOR LIFE'S BUMPS

The road can be bumpy, but the ZS Hybrid+ has been created with a dedicated tuning to absorb road impact and vibration, keeping your ride smooth and without shaking, so you can focus on life plus more.

UNDENIABLY GORGEOUS

No car should look this good. The MG ZSHybrid+ presents a new, cutting-edge style, seamlessly integrating compact SUV proportions with a powerful energetic design. A prominent confident grille, 18-inch Alloy Wheels, a smooth spoiler and LED hunter connected lights deliver that perfect blend of sporty and powerful in every detail, for every part of life.

FEEL THE SPACE, FEEL THE COMFORT

Step inside one of the most spacious interiors in its class. In trunk space alone, make use of 443L. The MG ZS Hybrid+ also has 30 different storage spaces that offer exceptional practicality and versatile options for all your needs. The seats are specifically designed for life's ups and downs; highly supportive, they help to eliminate driver fatigue. And the interior layout is designed to be iconic, giving it a wider feel that helps give every main function a clear easy-to-spot location.

TECH TO MAKE LIFE EASIER

The ZS Hybrid+ digital experience has been carefully designed to be unique. The two 12.3" screens give the interior a distinctive technological look and the digital cluster presents key information directly in front of the driver so you can focus on the drive. With class-leading power, comes a powerful look, the three-spoke steering wheel with joystick-like switches is designed to offer a sporty user experience with great control.

MG iSMART SIMPLY GENIUS

The new MG ZS Hybrid+ comes standard with our innovative MG iSMART Lite technology, which seamlessly integrates car, internet and user communication.

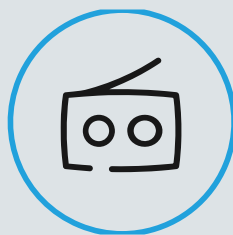

DRIVE & CONNECT

Sing along to your favorite tunes, plan stops with real-time navigation, and cool down the cabin before you even step in. Make every journey for Life+ more!

MG PILOT TRAVEL SAFER

Safety is always a priority.
That's why MG Pilot technology
comes standard in the ZS Hybrid+.

With over twelve driver aids, from Lane
Departure assist, Rear Collision Warning,
Intelligent Speed Assistance and a 360°
Camera, a safe journey to your destination
is ensured.

- ✓ Automatic Emergency Braking (AEB)
- ✓ Front Collision Warning System (FCW)
- ✓ Adaptive Cruise Control (ACC)
- ✓ Intelligent Cruising Assist (ICA)
- ✓ Speed Assistance System (SAS)
- ✓ Unsteady Driving Warning (UDW)
- ✓ Lane Departure Warning (LDW)
- ✓ Lane Keeping Assistance (LKA)
- ✓ Emergency Lane Keeping (ELK)
- ✓ Blind Spot Detection (BSD)
- ✓ Rear Cross Traffic Alert (RCTA)
- ✓ Lane change assistant (LCA)

YOUR CAR. YOUR COLOR.

Choose between Standard, Comfort and Luxury trims.

And select from seven colors: Pebble Black, Dover White, Cosmic Silver, Emerald Green, Diamond Red, Hampstead Grey and Como Blue.

STANDARD EDITION

- 10.3" HD infotainment screen
- 7" virtual driver display
- Satellite Navigation
- Apple CarPlay™
- Android Auto™
- Rear Parking Sensors & Camera
- Automatic headlights and wipers
- Keyless start
- MG iSMART Lite

COMFORT EDITION

Just like Standard, plus...

- LED headlights
- 17-inch alloy wheels
- 12.3-inch infotainment screen
- Rain sensor
- Keyless access
- 6 Loudspeakers

LUXURY EDITION

Just like Comfort, plus...

- 18-inch alloy wheels
- 360° camera
- Leather style seats
- Steering wheel & front seat heating
- 6 Way electrically adjustable driver seat
- Auto fold rear view mirrors
